3D Environment Artist | 3D Modeler | Texturing | UI Web and Graphic Designer.

I obtained a Bachelor's degree in Arts and Technology from UT Dallas with a focus on 3D modeling, virtual environments, character design, and texturing. Additionally, I earned an Associate's degree in applied sciences from Dallas Community College. I am an agile and detail-oriented individual with a creative mindset. My professional experience as a graphic designer in printing design and production has allowed me to enhance clients' resources effectively. I am capable of producing layouts for printing and digital format as well as designing UI for websites. I am proficient in HTML, CSS, JavaScript, and have hands-on experience with Django and Flask frameworks. I am also skilled in using Maya, Nuke, Unity, Unreal 5, Photoshop, Illustrator, and InDesign.
